

Bausch + Ströbel / BAT

Overlook B+S style filler needles are a direct replacement for any size standard needle on a Bausch + Ströbel / Bausch Advanced Technology liquid filling machine. Overlook filler needles are superior to the OEM design in the following ways:

- Superior hose barb design ensures secure tube connection to filler needle.
- Electropolished surface finish for ease of cleanability.
- Laser marking / engraving of custom identification.
- Laser welding of Overlook needles leaves no weld witness on ID of fluid path.
- Co-ax (gas purge + fill) filler needles utilize simple, two-piece design for ease of cleanability.
- Wide range of custom tip geometries / coatings to enhance dispense characteristics.
- Single-use filler needles only available from Overlook.
